Telesphore UWABERA

Software Engineer | Full Stack Developer | Graphic Designer |
Cybersecurity Engineer | Aspire Leader | MCN Millennium Fellow |
Unleash Talent | African Leadership University Student |
Kigali, Kigali City, Rwanda

Summary

I am a multifaceted professional, proficient in software engineering, frontend web development, backend web development, mobile development, cybersecurity, web design, and graphic design. I am fueled by my passion for mathematics and aspire to be a leader in the tech industry, bringing a versatile skill set and unwavering enthusiasm for every challenge I take on.

Human resource professional from Rwanda with substantial experience in recruiting, benefits, onboarding, and offboarding in IT sector. Excellent oral and written communication abilities and the ability to work well and perform well under pressure. Outstanding leadership, organizational, interpersonal, analytical, and problem-solving abilities. Capability to thrive in both autonomous and collaborative work situations.

Let's connect and collaborate to create amazing solutions!
